Water bottle</p>	<p>9-13 yrs. lunch will be provided.</p>

IMPORTANT! PLEASE READ

It is our aim at Parkside Community OSHC for us all to have a safe, enjoyable time together. To support your child while they are in OSHC please take note of the following information.

- Daily check list - Every day you will need:
- A small backpack or bag
 - A healthy lunch and recess
 - A drink bottle.
 - Sports shoes & socks.
 - A warm jumper or jacket.

We can heat up food at lunch time, it must be placed in the fridge on arrival at the centre. **Any food requiring heating must be in a microwave safe container and labelled with your child's name.**

We request that sweets be kept to a minimum and strictly no nuts or nut products. **It is essential that all children have their own 600ml or larger drink bottle.**

Independence

To encourage independence, please print the program and daily information sheet for your child and put it on the fridge or notice board to help them prepare for the day.

Within our program, we often divide our children by age groups, this enables programming to reflect the interests, skill level, and social requirements of the children who attend. When a child is within 6 months of turning 9, they may be invited to join the older children depending on space available and appropriateness of the activity.

Children's clothing recommendations

Most of the days during the holidays the children will be participating in active play. We recommend they wear clothing that allows them to move freely and dress for the forecast temperature - track pants and a long-sleeved jacket are recommended. Please pack a spare pair of clothes just in case your child gets caught short!

The Centre opens at 7:30am and closes at 6pm. We cannot accept children before the opening time and a late fee of \$2 per minute will apply per child after 6pm. If you are running late please ring the centre on 0456 813 261 to notify educators.

Booking forms returned to the Director either in person or by email by **Friday 25th of June**. Forms returned by this date are more likely to secure the requested days.

Bookings made after this date will incur a \$2 per booking late fee.

Email: parksideoshc@gmail.com

We cannot accept phone or email bookings without the booking form.

Outstanding accounts must be paid in full before Vacation Care bookings will be accepted.

Please book in early to avoid disappointment, we also request that you do not book days “in case” you need them, only to cancel them at the last moment. In the past this has led to families missing out on much needed care.

Priority will be given to working parents - families requesting respite days will have their days confirmed the week before care.

FEES & PAYMENTS

Vacation Care Fee: \$57 per day

This fee is inclusive of all incursions.

A \$2, per booking, fee will apply for the following:

- bookings made after 6pm Friday 25th June.
- bookings made while the program is operating.
- Bookings cancelled during week 10 of the school term.

Bookings cancelled after 6pm on Friday 2nd of July will be billed as an absence. i.e. full fees will apply.

Please note: If a family has confirmed their child’s last day at a service, but that child does not attend their last booked session of care, no Child Care Subsidy will be paid for any days after the child’s last physical attendance at the service. Children who do not attend the following Vacation Care after an absence will have the child care subsidy reversed and will need to pay that amount to the centre.

Payments.

Eftpos facilities are available in the OSHC office, unfortunately we cannot take over the phone payments.

Direct Deposit – Bank SA BSB: 105 011 Account: 077002140. Please use your child’s name as the reference not the invoice number.

Has your child’s health or dietary needs changed since we last saw them?
Please let us know.

COVID-19 Update:

During recent months, Parkside OSHC has made a few changes to routines and procedures to help protect us all against Covid-19. Please take note of the following:

Currently at the time of printing and distributing the July Vacation Care Program

- All adults must sign in with the QR code.
- Please do not linger at the service, you may enter the OSHC room to look at the photos of the day's activities, but please keep time spent in the service at a minimum
- While social distancing is no longer enforced in school settings, we are still trying to ensure children and educator safety by providing socially distanced activities and routines.
- Hand washing procedures ensure children are washing hands thoroughly for the recommended time frame.
- Toys are cleaned thoroughly at the end of each day and surfaces are wiped down regularly to help prevent spread of germs and infectious diseases.
- If your child has any cold or flu symptoms or you have any health concerns, we request that you please keep them home until symptoms subside.

Gastroenteritis: Children will need to be excluded for 24 hours after their last symptom of the virus.

Medication

On occasions, it is necessary to administer medication to children in vacation care. It is imperative that this practice is carried out accurately and in accordance with licensing regulations.

- All medication must be delivered in the original bottle and handed to an educator on arrival. Please do not leave medication in your child's bag.
- Written permission for educators to administer the medication must be given by parents by completing the details on the medication sheet each day.
- All medication must be prescribed by a medical practitioner and clearly state the medication name, the child's name and the dosage required. This includes over-counter medications, creams and paracetamol.

Asthma

For children who have been diagnosed as having or being prone to asthma, the centre will request a copy of the child's 'Asthma Action Plan' from their doctor, outlining everyday management and emergency procedures. A new treatment plan will be needed each year.

Educators will have easy and quick access to action plans in case of emergencies. Parents of children with asthma, who are likely to need their medication throughout the day, will need to provide their own prescribed and labelled medication and complete the medication sheet.

For children who have been diagnosed as having an anaphylactic reaction, the centre will request a copy of the child's 'Anaphylaxis Action Plan' from their doctor, outlining everyday management and emergency procedures. A new treatment plan will be needed each year.

Educators will have easy and quick access to action plans in case of emergencies. Parents will need to provide their own prescribed and labelled medication.
