Dear Parishioners,

While Fr. Denis is away taking a well-earned break, I find myself in the position of a 'temp' in his absence.

What strikes me immediately in this role is the size of the endeavour here at the Monastery. This includes not only the parish (with all its complexities), but also the conference centre, the Passionist community, and until recently, an international novitiate. Added to this, must be the often-hidden work of those who care for our beautiful gardens.

So, my experience is that the 'temp' doesn't have to do too much, because all the people (including of course, Frs. Patrice and Tony) who keep the multiple activities of the parish going, those who care for the entire running and organisation and cleaning and preparing of the conference centre, all those whom you meet in the front office and those who tend the gardens – this amounts to a small army.

This 'community' of people (for it is a community) works together to allow the Monastery complex run so smoothly – not without dramas, hick-ups etc. as in any endeavour! It seems to me that what allows this to happen is that everyone involved knows that they are working towards the same end – and that is to create community around the person of Christ.

This is exactly the whole purpose of the Church in our world today; this is our way of 'proclaiming the kingdom of God'. And when we consider the variety of ages, personalities, and different faith backgrounds of all involved, that doesn't happen without a lot of intentional effort. It is our common goal that keeps everything working.

It is helpful for all of us to be aware of all that happens in the environment of 'the Monastery'. This place has been an important part of the history of the church in Adelaide, and it is only so, because of the people who have been involved in this mission over the last hundred years.

The Temp,
Tony Egar C.P
