Class Structure Planning 2024

Dear Families,

We are beginning to plan our class structures for 2024 and we need your support in confirming whether your child will be continuing their enrolment at St Raphaels in 2024.

This year we were able to maintain single streamed classes from Reception – Year 6. Continuing this structure will be determined by our total numbers and approval from CESA. To help with further planning please fill in the slip below to confirm your child/children's status for 2024 and return to the Office by **Friday 8 September 2023**. This information is not required for students currently in Year 6.

If you are unable to print this form please respond via email to info@raph.catholic.ed.au.

I understand that from time to time, family circumstances change and students leave our school and this is why we request this information at this time.

Families are reminded that they are required to provide one school term's notice of their intention to withdraw their child from our school or incur one term's school fees in lieu of notice within a school year.

Kindest regards,

Gennaro Mannella
Acting Principal
